

ECO Charter

I have a right to an education that teaches me to respect the environment. **Article 29**

We respect our environment by:

Recycling.

Keeping our school tidy inside and out.

Using Fairtrade products.

Being energy efficient by reminding each other to turn off lights and other electrical items when they are not being used.

Sponsoring an endangered animal each year.

Using our water supply responsibly.

Walking, scooting or cycling to school as much as we can.
