

Science

What things would you need to survive if you ended up on a desert island? Make a list of what you would take in your rucksack for survival.

Geography

Make a travel brochure for a place you would like to visit. Try and persuade someone to visit by saying what it is like e.g. weather, landscape and places to visit.

Design Technology

Use junk modelling materials (e.g. shoeboxes, cereal boxes) to design and make a method of transport e.g. aeroplane, boat

Citizenship

Find out about 'Fair Trade'. What is it? Why do we have it?

Art

Pick one of your favourite animals and sketch it. You can use paint, pencils, shading etc..

PSHE

Think of different feelings. How do our bodies show each of these feelings? When have you felt these ways? Can you create a feelings poster to show what you know?

Geography

Choose a country to research e.g. Egypt. Use the internet or books to research and create a fact file with key information on it. Draw and colour their flag.

Science

Go on a minibeast hunt in your garden. Research the bug that you find and design a poster about its habitat, what it eats and other key facts!

History

Find out about a famous person from the past e.g. Christopher Columbus, Rosa Parks, Florence Nightingale.

Create a poster or a fact file about them which includes all of your interesting facts!

PSHE

Write an advert/design a poster for a friend. What would you like your friend to be like? What qualities do you want them to have? What do you have to offer?

History

Find out about holidays in the past. What are the similarities and differences between your holidays now? Make a list of what is the same and what is different.

Art

Create a seaside picture. Think carefully about what would be at the beach. Research existing art work relating to the seaside before you create your own!
