

COVID-19 National Testing Programme - Rapid asymptomatic coronavirus (COVID-19) testing for staff in primary school, school-based nurseries and maintained nurseries.

All schools are advised to note the hazard/issues and suggested control measures in this document and then add detail specific to their school.

Name and Address of the School – St. Anne’s CE Primary and Nursery Warwick Road, Bishop Auckland, County Durham DL146LS		
Current Number of Staff Employed- 2 admin staff, 1 site manager, 1 cleaner, 11 teaching staff, 6 support staff	Name of Person Completing the Risk Assessment- Mrs. L. Sixsmith	Date of assessment – January 2021
Current Number of Pupils on Role- 213 +nursery	Review Dates- as appropriate	
Current number of staff in school/nursery- 3 members of the teaching staff absent long term 1 support staff absent long term 1 member of the teaching staff absent short term (2 wks. minimum)	Current number of pupils in school: Maximum of 12/13 per year group bubble	
Consultation – The COVID-19 National Testing Programme - Rapid asymptomatic coronavirus (COVID-19) testing for staff in primary school, school-based nurseries and maintained nurseries risk Assessment has been shared with the Governing Body and Staff members. The Governing body of the school are to be informed of staff members concerns.		
Communication -Staff have received all relevant information/guidance in order for them to make the decision to take part in the testing programme.		
Persons covered by this assessment – All Staff who have given consent to take part in the testing programme	This risk assessment to be used in conjunction with COVID-19 risk assessment and associated documentation put in place by the school/nursery	
This risk assessment is based on the Rapid asymptomatic coronavirus (COVID-19) testing for staff in primary schools, school based nurseries and maintained nursery schools guidance, guidance which has been developed with the Department for Education and the NHS and currently		

H&S Manual	Form	Version	Issue Date	Next Review	Page
School BJ	COVID-19 Testing Risk Assessment Schools/Nursery	1.0	January 2021	July 2021	1/16

applies to England only.

Guidance is also available on the Primary School/Nursery [Documents Sharing Platform](#).

-Testing is important because staff could be carrying the virus and may spread it to others. Testing all staff without symptoms will support schools and nurseries to continue to operate.

-LFD tests are approved by the Medicines and Healthcare products Regulatory Agency (MHRA).

-The ultimate aim of testing is to break the chain of transmission of COVID-19. As many as one in three people with COVID-19 show no signs of having it, that is they are 'asymptomatic'. Testing helps us to identify and isolate more asymptomatic people who test positive and are therefore, more likely to spread the virus, at the same time as minimising disruption for those who test negative. Testing yourself regularly helps stop the virus spreading.

Primary, school-based nursery and maintained nursery staff will be supplied with lateral flow device (LFD) test kits to self-swab. Staff will be asked to take their test kits home and carry out the test twice a week. The LFD test will give a result in around 30 minutes. Staff must report their result to NHS Test and Trace as soon as the test is completed either online or by telephone as per the instructions in the home test kit. Staff should also share their result with their school or nursery to help with contact tracing.

Lateral Flow Antigen test -Lateral Flow Antigen testing involves the processing of human nasal and throat swab samples with a Lateral Flow device (LFD). The device detects a protein (antigen) produced by the virus at its most infectious stage. If present in the person's sample, a coloured line appears on the device that can be read between 20-30 minutes. **If you receive a positive test, you must immediately report the result to your COVID Coordinator/Headteacher and NHS Test and Trace.**

Schools and nurseries in England can raise questions, concerns, or report issues, via **the DfE coronavirus helpline: 0800 046 8687**.

Anyone with one or more of the symptoms of coronavirus -a high temperature, a new continuous cough; or a loss or change in sense of smell or taste -should self-isolate and [book a test](#) or call 119 / contact the Head teacher.

The testing programme for primary/nursery schools commences on Monday the 25th January 2021.

For further advice and support contact the Children & Young People's/Adult & Health Services ,Health and Safety Team -hsteam@durham.gov.uk and 03000 263430.The Health and Safety Team have placed all relevant documents in a [COVID-19 file](#) on their Extranet page.

[All relevant guidance contained in this document is subject to updates as required.](#)
